

PEI Provider Meetings and Roundtables

❖ PEI Provider Meetings

The Department conducts quarterly PEI Providers Meetings to disseminate information on the PEI plan, policies and procedures, to facilitate discussion of issues and concerns, and to facilitate networking among providers. The handouts from these meetings are posted below.

❖ PEI Roundtables

The Department has initiated a series of Evidenced Based Practice (EBP) specific meetings designed to (1) focus on the unique requirements and procedures for each EBP, (2) provide a forum for agencies to share experiences, and (3) address implementation challenges and successes of each EBP. DMH is conducting meetings with providers on each of the 24+ EBPs, promising practices, and CDES being implemented for the PEI Plan. The handouts and summary meeting notes on these programs are posted below.
